Hi Noelle,

White sauce....do you mean bechamel sauce?

How to cook tortellini.....are you buying tortellini from the supermarket and you need a sauce to complete the dish?

Ciao

Hi Noelle,

For the bechamel sauce, check the website TOP TIPS section.

For the tortellini, cook them according to the instruction shown on the pack. Usually it says to simmer for 4-5 minutes (NO FAST BOILING - fast boiling would break them).

Good luck and Ciao

I also prepare tortellini with other ingredients like tomatoes, mushrooms, peas and prosciutto. They make it more flavorful, plus add some good veggies for nutritious value. You can even find authentic Italian prosciutto (better than the supermarket would offer) online- I prefer Volpi prosciutto

Good luck with your recipe!
